OMDC News

It was an incredible summer for Ontario’s film and television industry. Location filming spread out across the province, creating economic opportunities for communities throughout Ontario. OMDC thanks the production community for its tireless effort in making Ontario a world-class filming jurisdiction.

This month’s In The Loop kicks off the Fall/Winter season with a spotlight on new locations, from restored industrial areas to rural farmland. The Locations Library team spent the summer photographing over 250 new locations across Ontario which will be uploaded to our database shortly. The next time you log on to the Ontario Locations Database be sure to have a look at the New Locations section to get the scoop!

Jurisdictional News

The City of Timmins is open for filming! With consistent snowfall in the winter season and access to mining operations, forestry facilities and pristine boreal forest wilderness, Timmins is a great asset for the film and television industry. The Film Production Assistance Team would be happy to assist you in finding a great location!
