  - Eligible applicants include music industry trade associations and music service organizations.

Ontario Creates is committed to fostering increased diversity, gender parity, accessibility, and environmental sustainability within the creative industries. Please review the [Program Policies](#) document for additional important information.

The following guidelines outline the eligibility requirements and application details for the **Global Market Development for Music Managers** stream of the OMIF.

## 2. Introduction: Global Market Development for Music Managers

**Global Market Development** for Music Managers provides eligible music management companies with funding to participate in national and international activities that correspond to a strategy for company growth. These activities must produce measurable business and market development results for the participating company (sales, financing, licensing and/or publishing deals, audience awareness, media coverage, partnership development, etc.). Primary activities supported are market event attendance and targeted business travel activities that support the market development strategy.

Please see section 9 for important information on insurance and contract requirements for successful applicants.

## 3. Deadline & Funding Levels

The deadline for complete submissions is Wednesday, **June 19, 2024 at 5:00 pm ET**, through the Ontario Creates Online Application Portal (OAP). Applications and documentation received after this deadline will not be considered.

Decisions will be communicated to applicants in late summer 2024.

Global Market Development for Music Managers will provide up to **\$10,000** capped at 50% of a participating company's eligible expenses to engage in business travel and market development activities between **August 1, 2024 and July 31, 2025** as part of a comprehensive export development plan.

## 5. Eligible Activities & Costs

Activities supported through this program must contribute to the applicant's business and market development goals related to artist and company growth.

Companies may receive funding to attend the same activity year-over-year provided that they can demonstrate that they are pursuing new business and market development objectives. In such instances, companies must provide a case for further support and be able to demonstrate progress made with respect to business and market development objectives for relevant projects.

The number of eligible program activities is capped at five. Ontario Creates reserves the right to only relate to a portion of the business and market development plan submitted by the applicant company.

## 6. Budget Requirements

Companies must complete the budget template summarizing all eligible expenses including:

- *Market Costs* - Including registration and participation expenses.
- *Travel Costs* - Including flight and local transportation. Air travel should be budgeted at economy rates and should reflect the costs of booking at least 30 days in advance of travel. All travel must originate in Ontario, unless approved otherwise by Ontario Creates.
- *Accommodation Costs* - Hotel expenses are capped at \$600/night and should be at moderate per night rates and should reflect the average for the travel destination/activity. Approval at the application stage is required.
- *Per Diems* - Capped at C\$75/day for domestic travel and C\$100/day for international travel (including daily meals and incidentals).
- *Marketing Costs* - Including design, production and shipping material specifically created for the proposed activities. Capped at 30% of the total costs.

For budgeting purposes Ontario Creates will cover arrival the day prior to and departure the day after an event. Any additional time at an event must be addressed in the application and a rationale provided.

While companies may be incurring additional expenses that do not correspond with the categories above, these costs should not be included in the budget. The amount of the Ontario Creates contribution will be based only on the eligible expenses listed above. Expenses that are considered ineligible for the purpose of this program include:

- hospitality and entertainment costs;
- core business costs such as design and printing of business cards;
- communications costs such as mobile phone fees, long distance fees, etc.; and
- costs associated with ineligible company representatives and additional representatives over and above the cap for this program.

Companies are advised that if they are participating in activities that are supported by other government agencies and industry associations certain expenses may not be eligible for inclusion in the Global Market Development stream budget. Companies should speak with the organizers of these events to determine specific requirements for creating their budget for these activities.

All eligible expenses included in the budget must be reasonable and appropriate as determined by Ontario Creates. Ontario Creates reserves the right to request changes to the budget submitted by the applicant company as part of their application to conform to the above guidelines. A cost report is required on conclusion of the program and significant deviations from the approved budget may be disallowed unless previously approved by Ontario Creates.
