1. Overview: Ontario Music Investment Fund

The Ontario Music Investment Fund (OMIF) is designed to provide targeted economic development investment to the province's vibrant and diverse music industry.

Program Objectives:

- OMIF supports Ontario music companies with strong growth potential to maximize return on investment (ROI), and create more opportunities for emerging artists to record and perform in Ontario (please see page 6 for emerging artists definition).

Key Program Goals:

- Focus resources on music companies with strong growth potential by:
 - Providing investment to drive long-term growth; and,
 - Maximizing ROI and enhancing opportunities for emerging talent.
- Strengthen support at critical stages in the careers of artists.

The program's four streams are tailored to different parts of the industry:

- **Music Creation:** supporting businesses that take risks discovering and developing talent – particularly emerging artists – and bringing it to market through recording and production, marketing and promotion, touring and showcasing, and publishing.
 - Eligible applicants include domestic and multinational record labels, and domestic music publishers.
- **Music Industry Initiatives:** supporting industry organizations that undertake professional development/training and export activities, conduct industry analysis/data gathering and build regional capacity.
 - Eligible applicants include music industry trade associations and music service organizations.
- **Global Market Development for Music Managers:** supporting music management companies to participate in national and international activities (e.g. business travel and conference attendance) that correspond to a strategy for company growth.
 - Eligible applicants include music management companies
- **Live Music:** supporting businesses and organizations that produce or promote live music events featuring Canadian artists including eligible music festivals and concert series.
 - Eligible applicants include live music promoters and presenters.

Anticipated Outcomes:

- Focused targeting of funding to optimize revenue, profits, job creation, private investment and tax revenue.
- Production of intellectual property (content) which may be owned and consumed domestically and exported, leading to sustained revenues and jobs in the province.
- Increased profile and prestige of Ontario on the world stage as the next generation of breakthrough artists are discovered and developed to their full potential.

Ontario Creates is committed to fostering increased diversity, gender parity, accessibility, and environmental sustainability within the creative industries. Please review the [Program Policies](#) document for additional important information.

The following guidelines outline the eligibility requirements and application details for the **Live Music** stream of the OMIF.

[2. Introduction: Live Music](#)

The OMIF Live Music stream supports businesses and organizations that produce or promote live music events featuring Canadian artists, including eligible music festivals and concert series. The Live Music stream will provide funding to increase the number and quality of live music experiences (e.g. events, festivals and concerts) that can be experienced by residents in and visitors to Ontario.

Key Objectives:

- Increase the number of opportunities for artists in Ontario to develop their careers by reaching new and larger audiences and increase their income through performance-related revenue streams;
- Advance the calibre of live music experiences in Ontario in communities across the province;
- Expand employment and career opportunities for promoters, presenters, live event technical crews and other professionals in the live music sector; and
- Create opportunities to drive revenue growth and economic development in Ontario through live music events.

Funding is provided in the form of direct grants towards the costs of eligible activities. The OMIF Live Music stream requires applicants to provide a matching contribution to ensure that maximum ROI is achieved from provincial investment. Applicants must demonstrate clear, measurable outcomes which align with the objectives of the Live Music stream.

[3. Deadline & Eligibility Activity Window](#)

The deadline for complete submissions is **Thursday, October 19, 2023 by 5:00 PM ET**, through the Ontario Creates Online Application Portal (OAP). Applications and documentation received after the deadline will not be considered.

The eligible activity window is from December 1, 2023 to November 30, 2024.

Decisions will be communicated by February 2024.

4. Eligible Applicants

Domestic Music Promoters and Presenters (including festivals) must have revenues under \$1M. Please see Appendix 1 for more detail re: eligibility criteria by company type.

In order to be eligible, applicants must demonstrate the following general criteria:

- Be Ontario-based;
- Be able to demonstrate that the company's principal place of business has been in Ontario for at least one year prior to the deadline;
- Be Canadian-owned;
- Be incorporated in Ontario or federally (or prepared to incorporate immediately if the application is successful);
- Be in a sound financial position;

Applicants with revenues under \$1M who meet the eligibility criteria for OMIF as well as Experience Ontario may not receive funding from both programs for the same event in the same activity window. First-time applicants and applicants intending to apply to both OMIF and Experience Ontario **are strongly encouraged** to contact the Ontario Music Office (OMO) a minimum of two weeks ahead of the application deadline to discuss their eligibility and/or funding restrictions. Applicants that fail to do so may have their application deemed ineligible/incomplete if eligibility is not clearly established in the application.

NOTE: Domestic music promoters and presenters (including festivals) with revenues over \$1M who meet the eligibility criteria for Experience Ontario are NOT eligible to apply for OMIF. Domestic music promoters and presenters with revenues over \$1M who do not meet eligibility criteria for Experience Ontario may be considered eligible for OMIF support.

Exceptions to the eligibility requirements may be considered for applications from companies that are led by BIPOC (Black, Indigenous, People of Colour) or Francophone individuals and applicants that otherwise meet the provincial definition of diversity (see page 11). If applicable, please contact the Ontario Music Office a minimum of two weeks prior to the application deadline to discuss.

5. Funding Levels

Funding is provided in the form of direct grants towards a share of the costs of eligible activities. Contributions are non-refundable except in the case of recipient default. The OMIF contribution may not exceed 50% of the total approved budget.

Eligible applicants may apply for up to 40% of the company's two-year average of total annual revenue (to a maximum funding cap of \$125,000) per funding cycle. The minimum OMIF amount that can be requested is \$10,000.

6. Eligible Activities & Costs

Applicants may submit only one application but may include multiple activities within the application. Each activity should be properly detailed, and the budget should also provide a detailed cost breakdown by activity.

For all activities supported in the Live Music Stream, artists must be professional musicians and remunerated for their performances.

While expenses relating to all Canadian artists will be eligible for support, a focus on support for emerging artists should be considered*.

Applicants proposing a higher percentage of Ontario-based expenses will also be considered more favourably.

Eligible activities/costs may include, but are not limited, to:

- Canadian artist fees.
- Venue or site rental.
- Production and presentation costs, including audio and visual support, technical and stage crews.

- Costs related to accessibility improvements to comply with the **Accessibility for Ontarians with Disabilities Act, 2005 (AODA)** directly associated with the event programming (e.g. ramping, accessible viewing areas).

The application should include a list of artists to be engaged, accompanied by artist contracts or documentation that supports current contractual relationships. If final details/contracts are not available at the time of application, applicants should provide evidence to support the likelihood of securing the artists, performances and/or venues (as indicated in the proposed live music activities).

**Note: For the purposes of the OMIF, an emerging artist is defined as an artist or group that has not achieved Gold Album status in Canada in the past six years and has had no more than three gold albums in their career (Gold Album threshold is currently 40,000 Album Equivalent Units sold).*

Note: A Canadian group is defined as having more than one member, at least half of whom are Canadian citizens or permanent residents.

Eligible Administrative & Overhead Costs

- Costs for items such as staff salaries, office space and corporate services that are directly used in the delivery of the planned activities (to a maximum of 25% of the total activity costs).

Eligible Labour Costs ***UPDATED REQUIREMENTS***

- **New Position:** The cost of a new position that is being created as a result of the proposed activity (salaried or contract) may be included as a distinct line item in the activity budget. In the description of the activity, applicants must include an explanation of why the new position is necessary for the undertaking of the proposed activity. If the position is intended to continue beyond the initial OMIF-supported period, a rationale must be provided for how the position will be sustained by the applicant.

The OMO recognizes that the specific individuals to be hired for proposed roles may not be known as of the time of application. As such, OMIF recipients will be required at the interim and/or final reporting stage to provide specific details (e.g. full name, job description, hours worked) regarding new employees/contractors included in activity budgets. Please provide as much detail as possible at time of application submission.

- **Current/Ongoing Position:** A portion of salaries or wages for existing staff or ongoing contract employees (whether part-time or full-time) that are assigned to work on the proposed activities may be included as part of the “administrative and overhead expenses” section of the budget.

All labour costs included must be undertaken by Ontario-based staff or contract employees, and must be directly related to the proposed activities. Costs related to consultants based outside of Ontario may be considered where a business rationale is presented to demonstrate the necessity of hiring from outside Ontario.

Eligible Capital Costs

- Budget allocations towards capital expenditures such as the purchase of equipment, materials and/or software are eligible if required for an activity (such as digital infrastructure and innovation).
 - Equipment, Materials, and Software: if purchased, amortization value for inclusion in budget must be calculated using the straight-line method with a prescribed useful life of 24 months; if rented, actual rental cost can be included.

Ineligible Expenses

- Expenses incurred outside of the approved activity period;
- Expenses not in the original budget and which did not receive pre-approval by Ontario Creates;
- Costs relating to international artists;

- Cost of General Liability insurance (the cost of event-specific insurance is eligible);
- Taxes that are recoverable by the recipient (such as GST/HST, PST, VAT); and
- Related party transactions which did not receive pre-approval by Ontario Creates.

7. Budgets and Financing

Eligible costs directly associated with the proposed activities must be included in the Activity Budget template provided in the application. The Activity Budget must contain complete information as to how the company will pay for the activities.

The total amount of financing must match the total cost of all eligible activities. Specifically, the financing component of the Activity Budget must indicate all sources and amounts from corporate investment (cash in the bank), financed investment (e.g. line of credit, investors), projected revenue derived from execution of the activity, confirmed funding from government or other private funding bodies, and *anticipated* funding from government or other funding bodies – including the request for Live Music stream funding.

The OMIF contribution can comprise a maximum of 50% of the total budget. Financing from public/private funding agencies/bodies does not need to be confirmed at the time of application. However, unconfirmed funding from these sources should be supported with information, timelines and documentation to demonstrate the applicant's level of confidence in receiving such funding. Please see the Live Music activity budget template for more details on financing parameters.

Applicants that contribute a higher percentage of non-government funding will be considered more favourably, as will activity budgets that prioritize Ontario-based expenses.

8. Application Process

IMPORTANT: *First-time applicants are strongly encouraged to contact the OMO at least two weeks ahead of the application deadline to discuss eligibility. Applicants that fail to do so may have their application deemed ineligible/incomplete if eligibility is not clearly established in the application.*

- Applicants must submit their applications electronically through the Ontario Creates Online Application Portal (OAP) at <https://apply.ontariocreates.ca>.
- Applicants that do not have a user account on OAP should go to <https://apply.ontariocreates.ca/login.aspx> and click on “Register.” For assistance, please see Ontario Creates’ website for the “[OAP Quick Start Guide](#)”.

Once saved, the applicant can go back to edit and/or add information up until the time when the application is actually submitted.

Late applications will not be considered for funding.
